

# Union County Gun Club, Blairsville, Georgia

## Union County Mission Statement

The Mission of the Union County Gun Club is to provide a friendly, controlled and family-oriented environment that emphasizes the safe and responsible use of firearms. We aim to provide a readily accessible range:

- **Where** our members can safely hone their shooting skills, rather than using their residential back yards.
- **Where** our young people can learn to handle firearms in a safe, courteous environment, possibly opening the way for them to earn college scholarships, and where those who are interested in joining the military services can learn from those who have "**been there**".
- **Where** shooters of all ages have an opportunity to participate in competitive events.
- **Where** hunters can safely and accurately sight-in their rifles.
- **Where** our community's law enforcement professionals can easily and safely train and qualify.
- **Where** "**Safe and Responsible**" is our primary goal and concern.
